IMPORTANT INFORMATION ABOUT PROCEDURES FOR OPENING A NEW CCOUNT

To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify and record information that identifies each person who opens an account.

What this means for you:

When you open an account, we will ask you for your name, address, date of birth, and other information that will allow financial institutions to identify you and all parties applying for credit with such institutions. We will ask to see your driver's license or other identifying documents.
